

# Meeting Minutes

**13:30 Saturday, May 4, 1996**  
**Energy Center 723**

---

- Mt. Scott Field Day

We need to get serious about sign-ups. In particular, we need the people to fulfill the following positions:

- Site Acquisition Coordinator
- Chief Meteorologist
- Public Relations Liason
- Volunteer Coordinator
- Food / Creature Comfort Coordinator

All you have to do to fulfill any of these positions is make a few phone calls. But we need definitive contact points to make sure things get done!

Field day is June 22. Setup begins at 09:00 and events begin at 13:00.

Sign ups for equipment are on the web page.

**READ THE LIST AND LET US KNOW WHAT YOU CAN BRING.**

- ARRL Affiliation

We are still awaiting approval from the Division Director and Section Manager.

- Trip to Dallas Ham Fest

We will be leaving early on Saturday June 8 and returning that evening. If you plan to attend send email to [jpbostic@uoknor.edu](mailto:jpbostic@uoknor.edu) and, if you can drive, say how many people you can carry including yourself.

- Contacting Shannon Lucid on Mir

Logistics seems to be the biggest issue and we are on hold until we can find out the status of MIR's amateur equipment and whether or not Dr. Lucid is interested.

- Space Bios Web Page

Since there appear to be a lot of OU Alums involved in space and amateur radio, JP is looking into establishing a web page with biographies for each. If you have information or pictures regarding Sooners in space, email JP Bostic at [jpbostic@uoknor.edu](mailto:jpbostic@uoknor.edu).

- Severe Weather Spotter Net

Logistics are still being worked out at the National Weather Service.

- [By-Laws Ammendment for Family Membership](#),

There was not a quorum for voting on this ammendment.

- Summer Meetings

There **will** be meetings this summer at the usual place at time.
